

Dudley Borough Healthcare Forum Public Meeting

**Thursday 5th November 2020
4:30pm until 6:00pm
Virtual Meeting (via Microsoft Teams)**

Planning for the Future

Did you know there is a brand new NHS organisation in Dudley? Dudley Integrated Health and Care (DIHC) NHS Trust was authorised on 1st April and we bring together a range of health and care services across Dudley in one single organisation. We have primary care, delivered by 43 practices in Dudley at our heart.

Our work with our GPs and other partners locally will focus on care that is needed by our different communities, recognising that not one size fits all. Over time we will reduce health inequalities and improve healthy life expectancy – helping people to live longer and healthier lives.

Join our friendly executive team to find out more about our journey, our plans for the future and to hear about the difference we can make together. We will be using Microsoft Teams due to the ongoing restrictions and Government guidelines. Please book your place with Jess so that we can share the link with you.
